Hi Phil,

I wanted to give you an update on the Bull Run Resources enhanced recovery project. The Seneca Nation declined the offer to consult on the Draft UIC Permit (attached). Therefore, we're planning on going ahead and public noticing the Draft Permit on April 8, 2021 in the Bradford Era newspaper and on the EPA's website. The Public Comment Period will last until May 10, 2021 with a tentative virtual public hearing via teleconference being held on May 11, 2021. If we don't get a significant degree of interest in having a public hearing by May 4th, we'll cancel the hearing. We normally don't hold public hearings for enhanced recovery projects but you never know these days.

I'll keep you updated as we move forward.

Have a great weekend!
